Subject: Microsoft Settlement

To Whom it may concern:

At one time, the Bell System was the best communications system in the world.
If the U. S. government had not interfered, there's no telling what
improvements we would have seen by now.

Don't let the same thing happen to Microsoft. Stop the court action now, do
not help AOL, Time, Warner in their quest to get unjust compensation on the
back of an unjust action in the first place.
